<p>The product referenced herein is an exempt article and are <u>not subject</u> to the OSHA Hazard Communication Standard requirement. Material Safety Data Sheets (MSDS) are a sub-requirement of the Occupational Safety and Health Administration (OSHA) Hazard Communication Standard, 29 CFR Subpart 1910.1200. This Hazard Communication Standard does not apply to various subcategories including anything defined as an “article”. OSHA has defined “article” as a manufactured item other than a fluid or particle; (I) which is formed to a specific shape or design during manufacture; (ii) which had end use function(s) dependent in whole or in part upon its shape or design during end use; and (iii) which under normal conditions of use does not release more than very small quantities, e.g. minute or trace amounts of a hazardous chemical, and does not pose a physical hazard or health risk to employees.</p>											

Section 2.0 COMPOSITION / INGREDIENTS
<p>Pariposer<sup>®</sup> Material formula is proprietary.</p>

**This material is a cured product that is not anticipated to pose any exposure potential in its finished state. Potential exposure characteristics associated with this product may result through alteration of its finished form. Alteration may include, but is not limited to grinding, sawing, sanding, or other forms of modification. Contact with airborne particulate may be moderately irritating to the eyes and linings of the respiratory and gastrointestinal tract.**

### **Section 3.0 HAZARDS IDENTIFICATION**

#### **POTENTIAL HEALTH EFFECTS**

**Normal handling and use of this article will not cause any negative health effects.**

**SWALLOWING:**

No evidence of adverse effects from available information.

**SKIN ABSORPTION:**

No evidence of adverse effects from available information.

**INHALATION:**

Short-term harmful health effects are not expected from vapor generated at ambient temperature.

**SKIN CONTACT:**

No evidence of adverse effects from available information.

**EYE CONTACT:**

No evidence of adverse effects from available information.

**EFFECTS OF REPEATED OVEREXPOSURE:**

No evidence of adverse effects from available information.

**MEDICAL CONDITIONS AGGRAVATED BY OVEREXPOSURE:**

No evidence to suggest that overexposure is likely to aggravate existing medical conditions.

**SIGNIFICANT LABORATORY DATA WITH POSSIBLE RELEVANCE TO HUMAN HEALTH HAZARD EVALUATION:**

None currently known.

**OTHER EFFECTS OF OVEREXPOSURE:**

None currently known.

### **Section 4.0 FIRST AID MEASURES**

**Normal handling and use of this article will not cause any negative health effects.**

**SWALLOWING:**

No emergency care anticipated

**SKIN ABSORPTION:**

No emergency care anticipated

**INHALATION:**

No emergency care anticipated

**SKIN CONTACT:**

No emergency care anticipated

**EYE CONTACT:**

No emergency care anticipated

### Section 3.0 FIRE FIGHTING MEASURES

FLASH POINT: N/A

FLAMMABLE LIMITS IN AIR: N/A

EXTINGUISHING MEDIA:

Apply alcohol-type or universal-type foams by manufacturer's recommended technique for large fires.

UNUSUAL FIRE AND EXPLOSION HAZARDS:

This product contains polydimethylsiloxane which can generate formaldehyde as a byproduct of oxidative thermal decomposition as temperatures greater than 150° C. Use water spray, carbon dioxide, dry chemical media for small fires. Use self-contained breathing apparatus when fighting fire in an enclosed area.

### Section 4.0 PERSONAL PROTECTION

OCCUPATION EXPOSURE VALUES AND SOURCE: None.

RESPIRATORY PROTECTION;

None should be required for normal use.

VENTILATION:

None should be required for normal use.

PROTECTIVE GLOVES:

None should be required for normal use.

EYE PROTECTION:

Use safety glasses.

### Section 5.0 PHYSICAL AND CHEMICAL PROPERTIES

BOILING POINT: N/A

MELTING POINT: < 400° C

FREEZING POINT: N/A

VAPOR DENSITY: N/A

VAPOR PRESSURE: N/A

VAPOR DENSITY: N/A

EVAPORATION RATE: N/A

SOLUBILITY IN WATER: Insoluble

APPEARANCE: opaque

ODOR: Very Little Odor

PHYSICAL STATE: Solid

PERCENT VOLATILES (by wt): None

### **Section 6.0 STABILITY AND REACTIVITY DATA**

CHEMICAL STABILITY: Stable

CONDITIONS TO AVOID: None

INCOMPATIBILITY: None Known.

#### **HAZARDOUS COMBUSTION OR DECOMPOSITION PRODUCTS:**

Burning can produce carbon monoxide, carbon dioxide, oxides of silicon, and hydrocarbons. Carbon monoxide is highly toxic if inhaled; carbon dioxide in sufficient concentrations can act as an asphyxiant. Acute overexposure to the products of combustion may result in irritation of the respiratory tract.

This product contains polydimethylsiloxane which can generate formaldehyde as a byproduct of oxidative thermal decomposition as temperatures greater than 150 C. Use water spray, carbon dioxide, dry chemical media for small fires. Use self-contained breathing apparatus when fighting fire in an enclosed area.

HAZARDOUS POLYMERIZATION: Will not occur.

### **Section 7.0 TOXICOLOGICAL INFORMATION**

None currently known

### **Section 8.0 ECOLOGICAL INFORMATION**

ECOTOXICOLOGICAL INFORMATION: Not yet available.

CHEMICAL FATE INFORMATION: Not yet available.

### **Section 9.0 DISPOSAL CONSIDERATIONS**

Dispose of in accordance with all Federal, State and local regulations.

### **Section 10.0 TRANSPORT INFORMATION**

I.A.T.A. HAZARD CLASSIFICATION: None (Not regulated)

### **Section 11.0 REGULATORY INFORMATION**

The listed substance(s) is regulated or advised on in accordance with the following regulatory acts or agencies:  
None Known

This information is given in good faith, but no warranty is express or implied. The above information is believed to be accurate, and represents the most up-to-date information available to us, however, does not infer to be all-inclusive. Since the use of this information and of these opinions and the conditions of the use of the product are not within the control of Paricon Technologies, it is the user's obligation to determine the conditions of safe use of the product.
